

I Love K-Love. It is very important in my life and the lives of others around me and in my community. I listen everyday in my car, at work and at home. My life and the lives of those close to me would not be the same without it. It would have a huge effect on us with K-Love. It keeps people sane in this insane world. We need all we can get. I am in a rural area and probably would not receive K-love at all on a lower power signal. There are days now that it is not a real clear signal and on those days my life is less without K-Love to keep me going. GOD is in control and I pray for K-Love to continue broadcasting EVERYWHERE for the sake of EVERYONE!!!!!!
